Bus Alpin Association

The national «Bus alpin» Association now works with local authorities in around 20 Swiss mountain regions to provide access to popular destinations that were previously only accessible by private transport.

The supplementary public transport services offered by Bus alpin and its local sponsors do not benefit from public subsidies. They usually have to be financed exclusively by local donors. As a result, ticket prices are normally slightly higher than for normal public transport services eligible for subsidies.

Winter Hiking

Explore Habkern and the beautiful surrounding area on foot. Enjoy time in nature on various winter hiking trails

Snowshoe Hiking

Let your soul unwind in the snow-covered fairytale landscape. Discover Habkern on an easy or more challenging snowshoe trail.

Cross-country Skiing

Habkern offers a twelve-kilometre-long cross-country ski trail (classic and skating). The trail is located on the Lombachalp at around 1,559 metres above sea level and starts at the Lombachalp/Roteschwand parking. The trail is flat at the start and then climbs slightly. Trail tickets and passes are available on Lombachalp at the Jägerstübli restaurant, at the tourist office Habkern or online.

Lombachalp – Moorland Habkern-Sörenberg

Raised bogs are sensitive biotopes. For this reason, they have been placed under nature conservation with a year-round ban on access.

The animals in the area are shy and need peace and quiet. Out of consideration for our wildlife and beautiful landscape, the signs on site and the following rules must be observed:

- In wildlife reserves, only the marked routes may be used and you must not leave them.
- Winter hiking trails, snowshoe trails and the cross-country ski trail may only be used during the day.
- On the Augstmatthorn, stick to the zone for ascents and descents. The designated zone for ascents and descents can be found in the Flyer «Winter Information Lombachalp» or on the designated information board on site. (Caution: avalanche danger)
- Camping and bivouacking are not permitted in the moorland.
- Flying drones is prohibited.
- Keep your dog under control. Keep it on a leash in the wildlife reserves.
- In the municipal area of Habkern, the practice of dog sports, including training, is prohibited (e.g. sled dogs).
- Organised, commercial sports and leisure events are not permitted. Guided hikes and excursions are exempt from this rule.
- Please respect the nature reserves.
- Further information on Lombachalp – Habkern-Sörenberg moorland can be found in the Flyer «Winter Information Lombachalp».
